PROFESSIONAL SUMMARY

Marketing Automation Specialist II experienced in campaign workflows, digital assets, and QA. Former front-end page-builder lead with CMS experience supporting production websites, content reviews, and responsive page QA.

CORE SKILLS

Marketing automation: Oracle Eloqua, Salesforce Pardot, email and landing-page campaigns, segmentation, QA
Platforms: Adobe Experience Manager (AEM), Optimizely/EpiServer CMS, WordPress, Workfront
Web and QA: HTML5, CSS, JavaScript, functional testing, UAT, mobile QA
Tools: JIRA, Wrike, GA4, Figma, Photoshop, Visual Studio Code; ChatGPT, Claude, Copilot

PROFESSIONAL EXPERIENCE

EMERSON PHILIPPINES | Marketing Automation Specialist II

August 2026 - Present

- Build emails, landing-page forms, and audience segments with standard Oracle Eloqua templates.
- Manage campaign workflows, including Workfront and Oracle Sales Cloud integrations.
- QA emails, landing pages, forms, canvases, and segments; report defects and recommend improvements.
- Schedule campaigns, document processes, troubleshoot platform issues, and support reporting and integrations.

VERTIV | Content and Graphics Design Senior Analyst

November 2023 - April 2026

- Administered AEM and Optimizely/EpiServer CMS, maintaining site content and layouts.
- Led page-builder implementation for 11 production pages, including five Vertiv AI Hub pages.
- Reviewed content cadence and QA'd layout, copy, typography, grammar, and responsive behavior.
- Coordinated with SEO/UI/UX; supported functional, UAT, and mobile testing in JIRA and Wrike.
- Maintained digital assets in OpenText and Oracle DAM.

ACCENTURE | Web Developer / Instructor / Transaction Processing

February 2017 - May 2022

- Built and QA'd Salesforce Pardot campaigns: emails, landing pages, forms, and segmentation.
- Reviewed client requirements and HTML designs for accurate campaign implementation and delivery.
- Delivered training, managed LMS content, and supported clients and workflow improvements.

SELECTED WEB WORK

Vertiv AI Hub, 360AI, About and Careers, and industry pages: 11 production pages. Contribution: front-end implementation, content reviews, and end-to-end QA. Creative assets were produced by a separate team.
